## Atlantic Sea Salts

Pure Atlantic sea salt crystals are from the clear waters off the coast of Brazil. The large crystals are semi porous which enables them to be infused with color and Fragrance Oil. When heated, the crystals slowly release fragrance into the air. Heating sea salt has many purported health benefits including reducing a wide range of indoor air pollutants by releasing negative ions from the salt's ability to absorb water and then evaporate. Sea Salt Crystals are stunning alone, in the bottom of vases and Hurricane Lanterns, or simply in a jar on the shelf. The fragrance can be enjoyed with or without heat. We've drenched our Sea Salt Crystals in 10 pleasing home fragrances.

## AromaRich™ Votives and Tarts

We are proud to introduce our brand-new, custom-blended AromaRich™ wax. Our new wax is comprised of our signature American Soybean Wax™, purified palm wax and 100% all-natural beeswax to allow us to offer an improved votive, tart and pillar. Offering increased burning times and better fragrance quality, we believe this new wax allows us to produce the highest-quality candles possible. **Our votive candle now has a burn time of 18-22 hours** and, as always, is clean-burning, lead-free and intensely fragrant! Upgraded packaging completes our new votives and tarts.
